PRINCE ALBERT'S COTTAGES.

THE Cocks fixed in H. R. H. Prince Albert's Model Cottages, Hyde Park, by GEORGE JENNINGS, are found as fine now as when first fixed.

JENNINGS' COCKS, for all purposes (and Water Closets), have now been four years before the Public, and references can be given to upwards of eighty public buildings fitted with Jennings's Cocks.

50 PER CENT. SAVED in Plumbers' Work by using JENNINGS'S CLOSETS, which are made to act from the main or a common service pipe, without the complication of valves, wings, cranks, &c.

The Ball Cocks fill a cistern in half the usual time, and never get fast.

JENNINGS'S SELF-CLOSING STOOL COCKS, for common Closet Pans, prevent loss of water, and have been much approved.

For illustrated particulars and prices, apply to G. JENNINGS, 81, Great Charlotte-street, Blackfriars-road.

JENNINGS'S PATENT SHOP SHUTTER. SHOE and FASTENER costs HALF the PRICE of the usually SHUTTER BAR.

May be had from any Ironmonger, or from the Patentee, GEORGE JENNINGS.

THE PATENT GLAZED, VENEERED, and COLOURED BRICKS, &c. manufactured by JOHN RIDGWAY and CO. Cauldon-place, Staffordshire Potteries, and recently exhibited at the Portland Galleries, Regent-street, having been taken away on the 1st April without the authority of the Patentees, a REWARD will be given to any one who will give information of the name leading to the detection of the offender, on application to Mr. THOMAS BEGGS, 13, Fleet-street, London.
